

A Selection of Jane Peyton's 5 Star Reviews For Her Private London Pub Tour

Jane Is SUPERB! Knowledge, Personality, Organization, Pub Selection And ALL!

Jane is a SUPERB tour guide for the pubs of London. She CANNOT be matched for her knowledge of Beer and Cider, and has great insight into what each of her clients is looking for. Her personality is fun, yet the knowledge is SECOND TO NONE. She chose such historical, cool pubs, and she made sure we ALL enjoyed! DO THIS!!!

Best Way To See The Pubs Of London

There are not enough adjectives to describe how much fun we had on our pub tour with Jane. Not only do you get a historical perspective of the pubs and some London history, but Jane truly is knowledgeable about beers and spirits. She will take you to pubs that only locals know about (and some that even locals might miss), direct you to the tastiest beers, and you will have the time of your life--we laughed until we cried. I actually live in London with my husband and had booked this tour for a friend who was visiting from the States. We had such a blast that I am planning on booking another. I just might have to start booking this tour every time we have a visitor. Thanks, Jane, for an amazing, unforgettable time!! I can't wait to do it again!

Jane + Real English Ale + Fun Folklore = Perfect Afternoon In London!

Jane is an absolute gem; as were all the pubs she took us to! If you are spending time in London, and are considering the usual tourist attractions, I would 100% recommend you spend an afternoon with Jane instead! Not only is she a wealth of information on beer and history, but she is so fun to be around it was if we'd been friends for ages catching up over great beer and great company. The tours are intimate and she will tailor the tour to the interest of the group, which makes it all the more personal and enjoyable. Couldn't recommend more. Thank you Jane, can't wait to book another tour with you!

Hiccups, History, Hilarity

We TRULY enjoyed our afternoon with Jane. She is warm, gracious, funny, knowledgeable, and well able to manage far reaching conversations about beer, Brexit, history, and politics. The pubs were intimate, gorgeous, and the beer outstanding. We learned about beer, had a refreshing glimpse into London's pub culture, and Jane also make recommendations for the rest of our trip which were spot on. At the end of the day I felt I had made a friend. Highly recommend.

Extraordinary Afternoon! 8 Thumbs Up!

Jane is an absolute treasure. An amazingly knowledgeable guide who is fantastic with all ages. Ours was a family tour for four with a sixteen and ten year old, both of whom were captivated by Jane and her immensely entertaining style. Such fantastic energy and so great with adults and children alike. This was my second tour with her (first one was solo) and every minute is well worth it. Truly the best!

Great Tour

Jane was wonderful. Her knowledge, enthusiasm and sense of humor made our tour one of the best ever. We didn't want the rowdy crowded tour; this was an easy pace historical beer tasting fun that all 6 of us will truly remember. Thanks for a wonderful tour Jane.

Most Fun You'll Have In London

I have now done this tour with Jane three times, with a fourth already booked. I assure you that you will not be disappointed--Jane is a hoot and you will have a marvellous time on your tour. I have booked this tour for a variety of groups. Everyone I have taken on this tour had a fantastic time and said that this was a highlight of their visit to London. Not only will Jane make sure that you taste some amazing brews, but she is an extensive vat of London history knowledge. Jane also possesses a smart wit, which adds to the fun. I highly recommend that you think about purchasing one of her books during the tour--they make wonderful keepsakes for visitors, or great stocking stuffers.

Fabulous!!

We took our young adult children on a pub tour with Jane and it was fantastic!! Cannot say enough good things about this tour. First, Jane is incredibly witty, engaging and fun to be around. She had us immediately engaged and laughing. She combines her fun personality with a wealth of knowledge about beer, pubs and the history of London. It was just the perfect way to spend an afternoon in London, finding hidden historical pubs, walking the beautiful London streets, learning some London history and drinking outstanding beer with a fun loving guide! We highly recommend this tour and Jane. It was a definite highlight of our trip!!

Splendid!

My mother, my friend, and I booked a School of Booze tour with Jane this past Monday. It was splendid. Aside from her warm and endearing personality, Jane is intelligent, well spoken and committed to ensuring she leaves her clients sated with knowledge, history and of course, beer. This was my second trip to London but the first for my mother and friend. The three hours we spent with Jane will be a cherished memory of our trip to England. I highly recommend booking this tour for both tourist as well as, locals!

Pub Crawl

My wife and I had a great time during our first night in London doing a pub crawl with Jane. Jane is very knowledgeable and a real joy to spend time with. We had the opportunity to visit 4 locations with Jane and I know that Jane spent more than the required time with us and it was greatly appreciated. Would recommend spending as much time as possible with Jane. A really person to be around. Thanks Jane !

Fantastic Time!

This was by far our favorite tour we did in London. We loved seeing the historic pubs and Jane was so knowledgeable on not just the pubs and the beer, but on the history of it all. It wasn't just a "pub crawl" where you go bar to bar drinking, it was a fun walking tour where we learned a lot about the history of the pubs and got to see some historic parts of London. My dad and I both really enjoyed this tour (and we got to drink, so it's really a win-win)! I would definitely recommend, and Jane was absolutely fantastic! Definitely a must-do!

We Went Back for More!

Two years ago, we booked a pub tour with Jane. We had such a great time that we booked her again last week for a family vacation - but this time we hired her for a full day - to show us places in London that most tourists wouldn't include on their agenda. So in addition to some great pubs, we got the history of the old City of London and in particular the area around Fleet St that serves as a hub for the legal profession, Jane is extremely flexible and will design any tour according to one's preferences. But what makes the tour so fun is just Jane's great personality, humor and charm. I would highly recommend Jane to anyone going to London.

Great Way To Enjoy London's Pubs

We had a wonderful time enjoying London's historic pubs with Jane. Very fun and interesting. With her as our guide we experienced a true pub crawl in a way where you did not feel like a tourist. Well worth the expense!

Sublime And So Worth It!

Jane is a treasure. I hired her for a private tour of London during a few free hours on a business trip and our afternoon was perfection. Informative, entertaining, a wealth of knowledge and a wonderful human being. Having hired many tour guides in cities around the world, I can assure you she is one of the best. Would give her 6 stars if it was possible. Two thumbs up.

The Best Pub Tour!

I have seen been on several London tours, but this one was the best so far! Jane provided many stories during our trip about the history of the pubs we visited, about the current beer situation in England and I learned a lot. Drinking was only one advantage we had - learning so much was an additional pleasure! We have tasted at least 8 different types of beer, and Jane provided an expert sommelier opinion and suggestions of which one to drink. We had delicious food in one of the pubs which ended this wonderful evening. I can thoroughly recommend Jane as the best beer-guides in London. You should also try!

Great Way To See Local Pubs

Jane Peyton did an awesome job. Took us to some of the oldest local pubs in London. Bought us a 1/2 pint of either beer or cider at each stop and talked about the history of the pubs, their beers and how they fit into the community. With a limit of 6 people you get to see some of the local scene you can't get on a regular tour. Jane is an absolute gem and you will enjoy every minute.

Best Tour Of London!

My wife and I have love all kinds of walking and historical tours. Jane's pub tour is now at the top of our list. She combines history of beer, culture and history all in one. Her acumen extends well beyond pub trivia and beer knowledge. She is enthusiastic and engaging. My wife was not a beer enthusiast, prior to the tour. After Jane's tour, we both have a new found love for the craft beers and unique flavors that we sampled. Cheers!

History + Beer = Fantastic

We had a phenomenal time with Jane as our pub tour guide in London. She took me and my boyfriend to several pubs and gave us a comical yet historical walking tour between each establishment. But each pub also had its own history which she knew inside and out. Jane purposely keeps the groups small to up to 6 people total - and that works perfectly. This is a conversational tour, not a presentation like you might be used to on other large group tours. It's like you're going bar hopping with your bestie in London! If you have a few hours and Jane is available: Book this pub tour. You won't regret it.

Best Day Out In London!

This tour was amazing! We had such a great time meeting Jane and hearing about the history of pubs. I felt like I learnt a lot about London and got to see things I wouldn't have noticed when walking from each pub. Jane was friendly, witty and had so much knowledge - not just on beer but on the history of London. I had such a great time and would highly recommend!

40th Birthday Surprise

My wife booked this as a surprise gift for my 40th. We had a great time with Jane who is extremely knowledgeable about the London historic pub scene and the new craft beer offering (which I am really into!). She was a wonderful host, willing to answer all of our questions and take the time to explain things.

I'd highly recommend the tour, both as a private one to a couple or even as part of a larger group. I can't wait to do the next one and explore a few more pubs in London.

Great Way To Spend A Day- A London Beerstory

Our party of six met Jane at Blackfriars Station and quickly began our tour. Jane not only has knowledge of beer history and the new craft beer movement, but she's got a keen eye on architecture and decor. She will take you to get a drink, and while you're there, will entertain all your questions about historic London, the politics of beer, and new and old tastes. You will laugh a lot, as Jane knows a little bit about everything and will find your particular interest. We had so much fun and will definitely recommend Jane to our other friends who may travel here. We also tried some pub grub that she recommended and we were not disappointed.

Fun! The Guide Was Fun And She Made The Tour!

Jane knew her stuff! Took us to some great pubs! She told us about the history of the bar and the area we were in. She also walked around to buildings in the area and told us the history. She also called ahead to a local bar to see if they would be airing the hockey game for us. Even walked us to the bar after the tour so we knew where we needed to go after we had dinner. This was one of the highlights of my trip to London. It was nice that it was just our group too. So we had one on one with her.

Fantastic Tour

My husband and I did this tour with Jane in mid-October. She was an outstanding guide. She knows her pubs, and she knows her beer. We saw several interesting pubs, and also got to walk through the Inns of Court. Jane is very entertaining and the tour is well worth the money. It was the highlight of our trip.

The Ultimate Pub Crawl

Jane is a unique character who knows her stuff!!! She engaged our small group immediately with historical and quite funny anecdotes about the historical provenance of each pub and their brews and the surrounding landmarks. Britain's Beer Sommelier is a must do!!!

London Pub Crawl That Made Our Trip To London Great!

Was it okay to be more excited about London pubs than London bridge- you bet! We had so much fun drinking real English beer and taking in historic English pubs than you can possibly imagine. Jane was our tour guide and provided an afternoon of laughter, great English history and color and just plain fun. Make sure you find time to add her tour to your trip.

We'll Never Look At Fleet Street The Same Again!

Our pub tour with Jane proved to be the highlight of our entire trip! Not only were the pubs that Jane picked amazing, but our conversation was so full of fun. We all became fast friends and learned much more about London culture than we ever imagined. And I believe Jane learned a few things about the US along the way! I highly recommend you select Jane as your tour guide.

Informative and Fun

We spent 3 hours with Jane during our visit to London. We visited four pubs and had a great time. Jane is informative and funny. We learned about the old pubs we visited, different types of beer and whisky. She also gave us information about different landmarks we saw as we walked from pub to pub. I recommend this tour without reservations. You will learn and enjoy the time spent with Jane. She is a lovely lady.

Pub Crawl NOT to be missed!!

I rely on Tripadvisor heavily when planning trips and excursions, but I admit I rarely give a review. But this Pub Tour was so much fun for our traveling party of 3 couples that I had to comment. Jane is very personable. She will become your friend (not just a guide) in the matter of minutes. You don't feel like you are being lectured, just having conversation and in that conversation she is relaying many facts about variety of beers and ciders. As you are walking she will tell you a little history about buildings, the pubs, languages. She was with us at least an hour after the tour was finished because we were having so much fun laughing, talking, sipping! She is a wealth of knowledge and after inquiring where we were staying or what we were doing the remainder of our stay she wrote down recommendations of places to eat or other pubs to visit. We thoroughly enjoyed the tour and it was one of the highlights of our trip!

Brilliant!

I never write reviews but I feel compelled to tell you about the amazing time my wife and I had with Jane. We met up at a tube station near a great pub (I won't tell you which one...take the tour to find out!) and proceeded for several hours of great times. We learned about London history, architecture, society, and of course BEER. Jane even gave us "homework"...additional pubs to check out during the rest of our stay in London based on our interests. Five stars! Highly recommended!

Great Pub Tour!

My son and I went on Jane's historic London Pub Tour in June. I was looking for something that would be interesting for him (late 20's). We had such a great afternoon as Jane guided us through the streets to some great pubs sharing with us her expertise in beer and sharing with us fun and interesting historical info about the pubs. Would highly recommend an afternoon with Jane!

Excellent and FUN local pub experience with a super guide

"We have taken two tours from School of Booze - a London Pub walking tour and a London Gin tour. Both were excellent. Jane, the guide and owner could not be more fun. The tour clearly was focused on the pubs, history and BEER of London, but Jane tailored the program to meet our needs. We felt like an insider everywhere we went and were able to try local brews we never would have found. Highly recommended."

London Pub Tour

We had the privilege of spending the evening of my husband's birthday with Jane, and it was delightful! She is engaging and knowledgeable, and we learned about the Pubs, the beer and the local attractions. We had a marvellous experience and would recommend this tour to anyone interested!

Don't Miss It

Our best evening in London. It was not just a pub tour, it was a walking history tour of Old London. Jane is an acknowledged expert on beer and helped us in choosing just the right brew in each of the historic pubs we visited. On returning home, it was the Pub Tour that I have talked about. Don't miss it.

Sally, Los Angeles, CA

Awesome!

Excellent time with Jane, not only is she knowledgeable regarding the historic pubs and the colorful history of London, she also knows her beer and is actually fun to be around! She is not some dry, boring tour guide! Definitely recommend!!!

Best Thing We Did in London

We had a blast with Jane. Not only is she extremely knowledgeable about beer and the history of the pubs we visited, she was really knowledgeable about London in general. We learned a lot about the culture while spending a lovely afternoon with Jane. What a treat this was. If you can only do one tour - make it this one.
